(December 3, 2015)

The Public Representative hereby provides comments pursuant to Order No. 2840.<sup>1</sup> In that Order, the Commission established the above referenced docket to receive comments from interested persons, including the undersigned Public Representative, on a Postal Service Request pursuant to 39 USC 3642 and 39 CFR 3020.30 *et seq.*, to add Priority Mail Contract 154 to the competitive product list.<sup>2</sup>

<sup>1</sup> Order No. 2840, Notice and Order Concerning the Addition of Priority Mail Contract 154 to the Competitive Product List, November 25, 2015 (Notice).

<sup>2</sup> Request of the United States Postal Service to Add Priority Mail Contract 154 to the Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data, November 24, 2015 (Request).

Governor's Decision No. 11-6, and a supporting financial model estimating the contract value during the first year.

The Postal Service states that Contract 154 is a competitive product featuring prices "not of general applicability" within the meaning of 39 USC 3632(b)(3). Request at 1. The Postal Service also maintains that the classification and prices applicable to Contract 154 are authorized by Governors' Decision No. 11-6.<sup>3</sup> The Postal Service further asserts that the Statement provides support for adding Contract 154 to the competitive product list and the compliance of Contract 154 with 39 USC 3633(a). Request at 2; *Id.*, Attachment D.

The effective date for Contract 154 is two business days following the day on which the Commission issues all necessary regulatory approvals. Request, Attachment B at 5 (Article II). Contract 154 will expire 3 years from the effective date unless either party terminates the contract on 30 days' prior written notification, or other specific events. *Id.* (Article III).

## COMMENTS

The Public Representative has reviewed the Postal Service's Request, the Statement, as well as Priority Mail Contract 154 and the financial model filed under seal with the Request. Based upon that review, the Public Representative concludes that Contract 154 should be classified as a competitive product and added to the competitive product list. In addition, it appears that Contract 154 should generate sufficient revenues to cover costs during the first year and thereby satisfy 39 USC 3633(a).

*Product List Assignment.* Pursuant to 39 USC 3642, the Postal Service requests that Contract 154 be added to the competitive product list. 39 USC 3642 requires the Commission to consider whether "the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant

<sup>3</sup> *Id.*, Attachment A, consisting of Decision of the Governors of the United States Postal Service on Establishment of Domestic Competitive Agreements, Outbound International Competitive Agreements, Inbound International Competitive Agreements, and Other Non-Published Competitive Rates, March 22, 2011 (Governors' Decision No. 11-6).

level of business to other firms offering similar products.” 39 USC 3642(b)(1). Products over which the Postal Service exercises such power are categorized as market dominant while all others are categorized as competitive.

The Postal Service’s Statement makes a number of assertions that address the considerations of section 3642(b)(1). Request, Attachment D at 2. These assertions appear reasonable. Based upon the Statement, the Public Representative concludes that the Postal Service’s Request to add Contract 154 to the competitive product list is appropriate.

*Requirements of 39 USC 3633.* Pursuant to 39 USC 3633(a), the Postal Service’s competitive prices must ensure that each competitive product will cover its attributable costs; ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service; and, not result in the subsidization of competitive products by market dominant products. Based upon a review of the financial model, the negotiated prices for Contract 154 should generate sufficient revenues to cover costs during the first year of the contract and therefore meet the requirements of 39 USC 3633(a).

As indicated above, Contract 154 is expected to remain in effect for a period of three years. The contract includes a mechanism for the adjustment of Contract Prices during the second and third years. Adjustments to Contract Prices are the lesser of a) the previous year’s prices plus the most recent average price increases of general applicability for Priority Mail Commercial Plus or b) the previous year’s prices plus an amount determined by formula. If the Postal Service does not seek a price change, or proposes a decrease in generally applicable prices for Commercial Plus, there will be no change in the Contract Prices. This price adjustment mechanism should therefore improve the likelihood that Contract 154 meets the requirements of 39 USC 3633(a) over its lifetime.

Moreover, the Postal Service must file revenue and cost data for Contract 154 in future Annual Compliance Reports. This data will permit the Commission to annually

review the financial results for Priority Mail Contract 154 in its future Annual Compliance Determination (ACD) for compliance with 39 USC 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
